ESSENTIAL COMPETENCIES

Core Outcome Iterations (may not be transferred in)

0 – 27* credits upon admission = 4 instances required of each iteration below

28 – 59 credits upon admission = 3 instances required of each iteration below

60 – 89 credits upon admission = 2 instances required of each iteration below

90+ credits upon admission = 1 instance required of each iteration below

Quantitative Communication (Q)

Information Literacy (IL)

Global Awareness (GA)

Written Communication (W)

Vocation (V)

Oral Communication (O)

**Full-time freshmen will be required to complete 4 instances of each iteration, no matter how many credits they bring in with them, unless they have already completed an Associate in Arts degree. Full-time freshmen who complete an Associate in Arts degree prior to initial GV enrollment will be required to complete the number of instances as indicated in the chart above.*

TRANSFER WITH AN ASSOCIATE IN ARTS DEGREE

The Associate in Arts degree (AA) satisfies the Grand View University General Education Core requirements for the baccalaureate degree except for the composition and quantitative reasoning courses (unless fulfilled by transfer coursework), Core Seminar II, and the required number of outcome iterations (number determined by class status on entry to the University as defined above). See the University Catalog for details.

Students holding any Associate's degree other than an Associate of Arts degree are not exempt from the general degree requirements.

TRANSFER WITH A BACCALAUREATE DEGREE

Students holding a baccalaureate degree or higher from an accredited institution based in the United States are considered to have fulfilled all Grand View University General Education Core requirements except for the completion of one iteration of each of the Core outcomes and Core Seminar II. See the University Catalog for details.

Students holding baccalaureate degrees from accredited institutions based outside the United States are frequently considered to have fulfilled all General Education Core requirements except for the completion of one iteration of each of the Core outcomes, Core Seminar II, and composition, though Grand View reserves the right to make a determination of comparability.

Additional graduation requirements can be found in the catalog including, but not limited to, successful completion of a major, earning a minimum of 124 college-level semester credits, and earning at least 30 credits at Grand View. Please review the catalog for additional details.

Courses from other institutions may be reviewed for applicability in one of the four domains. Please contact the Registrar's Office for more information.
