The **GV COMPLETE** program is designed to help make a Grand View education more affordable, more predictable and to support students in making the very most out of the scholarships, grants, and loans that will become key parts of financing. Students meet with completion coaches to plan and finance an entire degree right from the beginning, creating a four-year financing plan and a four-year academic plan. All first-year students and full-time day transfer students who transfer in 66 credits or fewer are eligible to participate.

SCHOLARSHIPS GV academic and need-based scholarships are renewable four-year scholarships available to new full-time day students. Scholarships are also available for athletics, art, honors, music, nursing, STEM and theatre, as well as several other areas. Visit our website for a detailed listing and application forms.
