

### **Social Work**

Degree Awarded: Bachelor of Social Work

Requirements for the Major: 49-50 credits plus 12 prerequisite credits

The Grand View University Social Work Program aims to develop professional social workers who will serve as agents of change among the individuals, families, communities and organizations that they serve. Students are educated in the art and science of professional social work practice; reflecting social work practice wisdom, theory, and research. With a commitment to social justice, social work students learn the core competencies necessary to operate as transformational professional social workers. Graduates are dually prepared to contribute to the field at the generalist practice level and continue with advanced graduate education.
