

GV Transfer Hub

Grand View University is excited to announce the GV Transfer Hub! The Hub gives students who have completed community college coursework and are considering transferring to Grand View, all the resources they need for a quick and easy transfer. The Hub shows students how the credits they have earned will transfer to Grand View, will let them track their transfer process and give them access to a transfer counselor who will help them along the way. You can explore the Hub at www.grandview.edu/transferhub. After creating an account on the Transfer Hub, an admissions counselor will contact you to discuss your audit.

GRAND VIEW MAKES TRANSFERRING EASY!

- An Associate of Arts degree will meet the majority of Grand View's core/general education requirements.
- We're transfer-friendly! In fact, **we have more than 700 transfer students** at Grand View - that's 37% of our students!
- **99% of our transfer students** receive academic scholarships.
- Pre-advising help available: Grand View will help you **plan your degree before you even start classes** and make sure your classes meet all the requirements for your program.
- **95% of credits reviewed transfer** and apply towards degree completion.

"I've used the Transfer Hub and it's very easy to use, with, or without setting up an account. Future Grand View students can use the Transfer Hub to look at potential programs they are considering and how their current or future credits will count. Very handy tool!"

*Mandy Fox
Marshalltown Community College Advisor*
