

Physical Education (K-12)

Iowa Teaching Endorsements #146 (K-8) and #147 (5-12)

Degree Awarded: Bachelor of Arts

Requirements for the Major: 77-79 credits

Students who are interested in Physical Education (K-12) must earn a minimum 3.0 GPA in a prescribed liberal arts pre-education program, have a minimum 3.0 cumulative GPA, and successfully pass all three Praxis Core Academic Skills for Educators tests before they are formally admitted to the teacher education program of the University. (See Pre-Education Program and Application for Admission to Teacher Education sections of the catalog).

Physical Education students must earn a minimum 3.0 GPA in coursework required for the major and a minimum 3.0 GPA in coursework required for each additional endorsement pursued. A grade of B or above must be earned in designated courses, and students must earn a grade of C or above in all other courses required for the major, each endorsement, and prerequisite courses. Students must earn a minimum 2.5 cumulative GPA in all college work. Any request for a change in the sequence of curriculum for the Teacher Education Program must be submitted to the Education Department chair for consideration by the Education Department faculty. Successful completion of these requirements, a passing score on Praxis II, and all other University graduation requirements will lead to program completion, which is required for recommendation for licensure in most states including Iowa.
